

THE BEST OF STAFFING DIFFERENCE

The 2020 Best of Staffing award is earned by less than 2% of staffing firms in the U.S. and Canada. On average, clients who work with the 2020 Best of Staffing winners are 3.3 times as likely to be completely satisfied with the services provided than clients from non-winning agencies, and candidates placed by winning agencies are 1.7 times as likely to be completely satisfied than those placed by non-winning agencies.

Best of Staffing winners commit to delivering remarkable service

Successfully resolving issues is a hallmark of exceptional service. The industry average for resolving issues within 24 hours is 62%, while for Best of Staffing winners, the average is 84%. Best of Staffing winners have the actual feedback and data from clients and candidates to substantiate their claims of outstanding, customer-focused service.

Best of Staffing winners focus on candidate and position fit

Clients rely on firms to source quality candidates that fit their needs, and job seekers look to them for job openings that match their skills and experience. 94% of winning firms always ensure submitted candidates for a position match the client's culture, taking the time to really understand them, what makes them tick, and what best suits their needs.

Best of Staffing winners deliver on time

Taking a more personal, human approach offers a better chance to connect on a deeper level with clients and talent. Yet timing is crucial. Best of Staffing winners excel at submitting qualified candidates within expected timeframes 96% of the time compared to the industry average of 82%.
